CENTER FOR HOPE

ABOUT US

Center for Hope provides a full continuum of programs for women, children and families including:

- A residential program for homeless, pregnant women (18 & older) with substance abuse and behavioral health conditions that provides transitional housing, substance abuse/behavioral health treatment, on-site child development center and support services for extended family members.
- ASPIRE outpatient treatment program provides individual and group counseling, trauma therapy, in-home visits, peer-to-peer support, transportation and childcare to encourage participation.
- Permanent supportive housing for families transitioning from the residential program or receiving services through the ASPIRE outpatient program.

With your support, we can continue to help families move from homelessness to becoming stable, contributing members of their communities.

Learn more about giving and volunteer opportunities by contacting us directly at (480) 461-1711 or visiting us online at CenterforHopeAZ.org.
